

UPTON

CALCIUM GREASE

NLGI #3

High Performance Grease

DESCRIPTION AND FEATURES

UPTON CALCIUM GREASE water resistance grease fortified with tackiness agent to enhance its tenacity. It is formulated from calcium-soap base recommend for mechanical grease lubrication and for use of vehicle chassis, joint, axles, water pump and equipment requiring grease calcium soap.

UPTON CALCIUM GREASE is also recommended for general grease lubrication for moderate duty application, plain bearing and ball-bearings or roll bearings requiring greases with calcium soap base and water-resistant.

APPLICATION

It is recommended for use in automotive wheel bearing of heavy vehicle, agricultural equipment, machine tools, logging equipment and textile machinery

PERFORMANCE BENEFITS

1. Excellent in water resistance.
2. Easy stick with metal surface of moving parts.
3. Prevent wear, rust and corrosion
